

American Industrial Fiber Optic Switches

American Industrial Fiber Optic Switches

VERSITRON has been the trusted source in Fiber Optic Communications by the US Government and Military since 1958. Below you can find a selection of our current Industrial Switch offerings.

Distributor of industrial automation products & components including optical switches & fiber optic switches. Types include fiber optic interlock switches, fiber optic safety switches & fiber optic ...

Explore our selection of industrial fiber optic switches for reliable and efficient network connectivity. Our industrial fiber switches are designed for durability and performance in harsh environments.

Silicon Valley-based Opticlarity is one of the few actual production companies located in the USA focusing on passive custom optical interconnect solutions such as cables and boxes. Opticlarity is an ...

Product offerings include IP media conversion, video, data, contact closure alarm, audio, CCTV, intercom, telephone, Ethernet switches and fiber switches. American Fibertek has hundreds of ...

We lead the industry in optical switch technology, delivering the lowest insertion loss (0.2 dB), fastest switching speed (10 ns), broadest wavelength range (300–2400 nm), widest fiber compatibility, ...

EthoSwitch specializes in high-quality reliable industrial network products and solutions. We offer industrial unmanaged and managed ethernet switches, SFPs, serial servers, media converters, fiber ...

Choose from our selection of fiber-optic switches in a wide range of styles and sizes. Same and Next Day Delivery.

Industrial Fiber Optics is a world leader in manufacturing polymer and large-core silica optical fiber cable assemblies. We specialize in providing leading edge solutions and manufacturing technology ...

We have established a global reputation for engineering high-performance, ultra-reliable switching products that serve as the backbone of many critical infrastructure. DiCon was founded in 1986 as a ...
