Trust the industry's largest provider of end-to-end wire and cable management solutions for indoor and outdoor applications. Explore the Wiremold product line.

Cable Reduction Boxes can help you save money on long cable runs! These boxes can accept up to 16 individual cable inputs, and consolidate them to one multi-conductor cable output.

Convenient cable reduction boxes save money by consolidating multiple sensor cables into a single multiconductor cable, significantly reducing installation complexity and long-run cabling costs.

Explore 8 types of cable junction boxes, their tech specs, installation tips, and maintenance. Get expert insights on selection, common faults, and international compliance

With expertise of over 200 employees, we pride ourselves in the production of highly innovative electrical cable glands, electrical junction boxes and related accessories.

Our cable reduction boxes, including termination boxes, junction boxes, and strain relief connectors, are the ultimate solution for managing and organizing cables in any industrial setting.

Electrical junction boxes by Raychem RPG ensure safe wiring connections, enclosure protection, and reliable cable management.

Discover a wide selection of junction box adapters and mounting brackets. Perfect for secure electrical connections.
