

Dual-core armored optical cable

Dual-core armored optical cable

Get diverse armored fiber patch cables for stronger protection of the optical fibers and stable transmission to support fiber optic cabling in harsh environments.

Priority Wire & Cable supplies wire & cable from the largest stock in the U.S. and offers same day shipping. This includes Industrial, Aluminum, and many other types!

High-Speed Performance--- The OM4 LC to LC Industrial TPU outdoor fiber optic cable is specifically designed for high-speed data transmission, with the capability to support bandwidths of up to 100 Gbps.

Fiber Savvy offers armored fiber cables with two different types of armor: standard corrugated steel armored cable and aluminum interlocking armored distribution cable.

ShowMeCables offers a wide range of armored fiber optic cables featuring same-day shipping. These armored fiber cables provide network safety without compromising flexibility or performance. The ...

*Cables with fiber counts greater than 288 contain 24 fibers in a larger PBT buffer ...

Armored, burial, and ruggedized designs are suited to a host of industrial environments. For each product design, items for OM1, OM3, OM4, OM5, and OS2 (Singlemode) items have been developed.

Leviton offers armored fiber optic cable in a wide variety of optical fiber constructions. Our unique spiral wrap armoring process preserves cable flexibility while providing unmatched durability in a range of ...

Featuring a robust TPU (Thermoplastic Polyurethane) outer jacket and armored protection, it is suitable for both indoor and outdoor applications, including industrial, military, and emergency scenarios.

Browse our armored fiber optic cables and patch cables today. We carry OM4 and OM3 fiber optical jumpers, 50/125 10G, 40G, 100G, LSZH rated and more.

*Cables with fiber counts greater than 288 contain 24 fibers in a larger PBT buffer tube with 12 fiber binder groups. Rated buffer storage length is 8 feet (2.4 meters)
