

## European Switch Industrial Series

## European Switch Industrial Series

Ruijie offers next-generation industrial Ethernet switches designed for harsh industrial environments, providing flexible full-gigabit access as well as 10GE uplink ports, and supporting a wide operating ...

Our Ethernet switches are designed for use in industrial environments. They are robust, impact-resistant and temperature-resistant. All products fulfill the highest requirements for reliable and flexible ...

Our switches are built for high network flexibility, cyber security and durability and are suitable for use in mission-critical environments.

Our hardened industrial Ethernet switch family includes both industrial managed switches and industrial unmanaged switches, offering features such as PoE support, gigabit ports, SFP slots, and variable ...

With a wide range of models – from compact designs to rugged IP67 versions – they meet the highest demands in harsh industrial environments. Choose maximum reliability and easy integration for your ...

FS Industrial Ethernet Switches with robust design for harsh industrial and outdoor environments subject to vibrations, shocks and extreme temperature fluctuations from -40°C to 75°C generally.

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting.

We offer a full spectrum of products, including L3/L2 Switch, PoE Products, EN50155 and E-Mark certified switches. The E-Mark is a European conformity mark that certifies that a vehicle or vehicle ...

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to ...

Euroswitch is a pioneer in the design and manufacture of Process Automation Instrumentation solutions for Oil and Gas, Power Generation, Nuclear, Military and Rail Industries.
