High-voltage complete sets of equipment IP65 RoHS

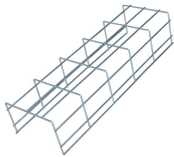

High-voltage complete sets of equipment IP65 RoHS

High Voltage, Inc. designs and manufactures industry-leading high voltage test equipment for proof testing, diagnostic testing, high voltage breakdown testing, and preventative maintenance testing.

This brochure showcases our comprehensive portfolio of high-voltage products: circuit-breakers, disconnectors and earthing switches, surge arresters, instrument transformers, coil products, ...

With the help of the control HV-Control 140M and the different high voltage units of the HE-Series we can supply your electrostatic industrial plant with high voltage ...

Discover electrical ranges of products, connected solutions, and product pages.

IP 65 opening/closing type ABS plastic box equipped with latch and hinge system and an easy snap-on roof attachment. Two cover types available, in Light grey or Transparent.

View the EU RoHS exemptions list for Annex III and Annex IV. Learn how to document and manage RoHS exemptions.

With the help of the control HV-Control 140M and the different high voltage units of the HE-Series we can supply your electrostatic industrial plant with high voltage up to max. 150kV and depending on ...

Summary - if your equipment has any electric or electronic function and it matches any of the equipment listed in Annex I... you are in scope and must comply with the RoHS Directive.

Specializing in miniature circuit breakers, SPDs, fuses, solar connectors, distribution boxes, and combiner boxes, the company boasts CE, TUV, IEC, and ISO9001 certifications. Each product ...

Industrial-grade small electrical junction box with KCD1 waterproof rocker switch. FILN factory direct, IP65 rated, CE/UL certified. Custom wiring & voltage support.

It is enclosed in a corrosion-resistant metal box with transformers and low-voltage units, and supports two wiring modes on the high-voltage side: ring network and terminal.
