

Huawei Ic gigabit optical module

Huawei 1c gigabit optical module

The Huawei Optical Transceiver SFP-10G-LR is a versatile and high-performance 10G SFP+ module. Designed for single-mode fiber, it offers reliable 10km transmission at 1310nm.

To determine whether optical modules delivered for Huawei switches before July 1, 2013 are certified ones, contact Huawei technical support. If your optical modules are delivered after July 1, 2013, use ...

This product is 100% compatible with all Huawei products that support 1000BASE-LX/LH SFP transceivers. Rigorous production testing ensures the best out-of-the-box installation experience, ...

Optical modules are important devices in fiber optic communication systems. Huawei Optical Module is manufactured by Huawei Technologies Co. and originated in Shenzhen. Huawei Technologies Co., ...

The SFP-GE-SX-MM850 is a Small Form-Factor Pluggable (SFP) transceiver ...

Huawei offers a comprehensive portfolio of pluggable StarryLink optical modules for data center networks, with various models providing flexible plug-and-play solutions tailored to diverse interface ...

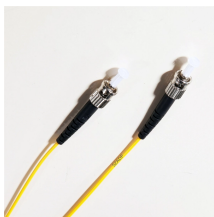

The SFP-GE-SX-MM850 is a Small Form-Factor Pluggable (SFP) transceiver module designed for gigabit Ethernet applications. This specific model provides multimode fiber connectivity, making it ...

Engineered for reliability, efficiency, and scalability, this module enables high-speed data transmission across fiber optic networks. It is widely used in enterprise networks, data centers, and ...

Specifications Model Huawei SFP-GE-LX-SM1310 Form Factor SFP (Small Form-factor Pluggable) Interface Single-mode Fiber (SMF) Wavelength 1310 nm Data Rate 1.25 Gbps (Gigabit Ethernet) ...

The Optical Transceiver eSFP GE Single-Mode Module (1310 nm, 10 km, LC) is a high-performance Gigabit Ethernet optical module designed for long-distance fiber networking applications.

In the AI era, Huawei provides a full range of GE to 800GE optical modules, featuring three major capabilities: Spanning (ultra-long transmission), Stable (ultra-high reliability), and Secure (ultra-solid ...
