

Imported Armored 4U Vehicle-Mounted Fiber Optic Switch

Imported Armored 4U Vehicle-Mounted Fiber Optic Switch

The MILTECH 904 can be remotely managed to deliver Layer 2 switching to optimize on-vehicle communications and prioritize critical information traffic between network devices such as ...

Military spec ethernet switches provide reliable, high-performance network connectivity in demanding environments. These rugged switches are designed to withstand extreme conditions, ...

Our portfolio also includes drop cables, armored fiber, FTTH (Fiber To The Home) cables, mining cables, specialty cables, and military-grade fiber. We provide these products in bulk quantities, ...

Fibertronics, Inc. offers a complete selection of armored fiber optic patch cables designed for durability, flexibility, and reliable performance in the most demanding environments.

Small-size military rugged IP-based Ethernet Switches. We offer compact and ultra-compact MIL-STD switches, as well as embedded networking solutions. Our managed and unmanaged switches are ...

Altronix NetWaySP4PX provides four (4) 1Gb SFP ports and four (4) power outputs (480W total power) to be transmitted over single, multi-mode fiber as well as Hybrid Cable (fiber + copper combined) to ...

Browse our armored fiber optic cables and patch cables today. We carry OM4 and OM3 fiber optical jumpers, 50/125 10G, 40G, 100G, LSZH rated and more.

Ideal for defense, military, security, and mission-critical communication networks requiring reliable, low-latency, and rugged fiber connectivity.
