

Industrial-grade switch 32-port gigabit ring network

Industrial-grade switch 32-port gigabit ring network

Built to endure the demanding conditions of factories, transportation infrastructure, grid substations, and other harsh environments, Cisco Industrial Ethernet switches come in a wide range of form factors to ...

WAGO's switch portfolio provides scalable Ethernet network infrastructure with excellent electrical and mechanical performance. These rugged devices are designed for industrial use and are fully ...

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to ...

Antaira Technologies' LMX-3228G-10G-SFP-AD is a 32-port industrial managed Ethernet switch embedded with 24*gigabit SFP slots, 4*10G SFP+ slots, and 4*10/100/1000Tx RJ45 ports.

With Gigabit Ethernet, rapid failover, powerful security, and certifications for vibration, shock, and free-fall, these rugged switches protect your network.

A Gigabit rackmount unmanaged Ethernet switch is ideal for applications that demand high-density Ethernet connectivity, wide bandwidth and long-distance communication within any harsh and ...

ORing offers a comprehensive portfolio of rugged industrial Ethernet switches, from cost-effective unmanaged and PoE models to advanced Layer 2/3 managed switches enabling precise control. Our ...

Our switches are built for high network flexibility, cyber security and durability and are suitable for use in mission-critical environments.

This product is ideal for supporting applications that require high-density port connections, such as security surveillance, traffic monitoring systems, facility management in power/utility, water ...

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting.
