

Kenya Warranty for Outdoor Cabinet Rack-Mounted Units

Overview

At Instant Device, we supply a wide range of networking cabinets and racks in Kenya, built to provide secure, organized, and reliable housing for fiber optic, ISP, and enterprise networking equipment. Our outdoor data cabinets are designed using high-quality material, as they are set to reside outside buildings. We also have cabinets that ensure that networking equipment kept inside. Duff Engineering Limited is your go-to source for purchasing outdoor network cabinets in Kenya. Located in Nairobi, we serve customers across the country with prompt and reliable service. Each module has a front panel that is 19 inches (482.6 mm) wide, including edges or ears that protrude on each side which allow the module to be fastened to the rack frame with screws. With a ventilated front door, secure 2-3 point locking system, rain hood, and polyurethane. Outdoor network and data cabinets are designed to protect critical IT, telecom, and electrical equipment such as switches, routers, servers, patch panels, and power supplies from dust, rain, heat, tampering, and theft in tough environments.
