

Large-scale managed industrial switches

Large-scale managed industrial switches

We engineer and manufacture rugged, high-performance managed, unmanaged and PoE switches for the world's most demanding environments. Partner with us for wholesale, or fully customizable ...

With high-speed 10-GE uplinks, high-wattage PoE options, ultra-low jitter, advanced network security features, and device-to-cloud performance monitoring with the Cisco ThousandEyes agent, these ...

Tackle complex networks with NETGEAR managed switches. Get PoE, SFP, and multi-gig support, plus cloud or local control. Shop now and power your business network.

Build high-availability industrial networks with Hardened Managed Ethernet Switches.

Our range of managed layer 2 switches far exceeds normal industrial requirements, with rugged designs to withstand extreme temperatures and electromagnetic interference, whether mounted on a DIN-rail ...

Our portfolio includes managed industrial switches with advanced control and monitoring features, as well as unmanaged models for plug-and-play simplicity. Managed switches allow VLAN ...

Industrial Ethernet Switches for networks with a future Network components (SCALANCE X) Switches are active network components that support the structuring of an industrial communication net work ...

Moxa's Layer 3 managed switches feature industrial-grade reliability, multicast availability, and security enhancements based on the IEC 62443 standard.

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting.

For facilities that require remote monitoring, automation, or high-bandwidth data transfer, managed switches offer advanced features like VLAN support, network monitoring, and traffic ...
