

## Making Armored Fiber Optic FC Patch Cords

## Making Armored Fiber Optic FC Patch Cords

Learn how to make a fiber optic patch cord step by step, from preparation to testing, for reliable high-performance connections.

Overview: Fiber optic armored patch cords are robust fiber jumper cables with built-in protective metal tube layers that safeguard optical fibers against mechanical damage, impact, and rodent attack.

This guide will help you quickly understand the main types of fiber patch cords and how to choose the right solution for your project - and how ZION can support you with stable quality, ...

Fibertronics, Inc. offers a complete selection of armored fiber optic patch cables designed for durability, flexibility, and reliable performance in the most demanding environments.

The rugged armored cables allow optical fiber to be installed in the most hazardous areas, including environments with excessive dust, oil, gas, moisture, or even damage-causing rodents.

If our selection of stocked patch cables does not meet your needs, we also offer custom patch cable services. Please use the form below to build and order your custom cable.

Corning offers the most complete line of connectors and factory-terminated cables, from single-fiber patch cords to high-fiber-count assemblies.

Fiber optic patch cords and Pigtails are very important passive fiber optic components in fiber optic networks. There are many different fiber optic patch cable types as per their connectors and cables ...

General View About How to Make Fiber Optic Patch Cord and Pigtail

Step.1 Fiber Optic Patch Cord Cable Cutting

Step.2 Fiber Optic Patch Cable Cleaning & Pr-Handling

Step.3 Fiber Patch Jumper Cable Stripping & Identifying

Step.4 Fiber Optic Ferrule Glue Injection & Fiber Inserting

Step.5 Fiber Patch Cord Fiber Solidifying

Step.6 Fiber Patch Cable Ultrasonic Cleaning & Polishing

Step.7 Microscope Inspection For Fiber Jumper

Step.8 FQC For A Fiber Patch Cord

Step.10 Packaging A Fiber Patch Cord

Before fiber patch cords making, we should prepare all the materials like fiber cable, fiber connectors etc. A patch cord cable is often in a reel and it should be cut by cutting machine as per the length requirements by customers, A fiber cable cutting machine makes it easy and effective in cabling cutting.
