

Malta Fireproof Ladder-type Cable Tray

Malta Fireproof Ladder-type Cable Tray

Designed with parallel rungs for strength and functionality, these trays ensure optimal airflow and heat dissipation, protecting cables from damage and prolonging their lifespan.

Husky Ladder Cable Tray systems consists of two longitudinal side members connected by individual transverse members, and is designed for use as a power cable or control cable support system.

What is a ladder type cable tray? Ladder type cable trays feature parallel side rails connected by transverse rungs, creating an open structure resembling a ladder.

Refers to the approximate height of a cable tray used for specifying. Selecting a specific height will show cable trays with that height, as well as cable tray accessories compatible with that height.

As one of the noteworthy Ladder Cable Tray Exporters and Suppliers in Malta, we are right here to serve you as promised. Give our experts a call or drop your enquiry to know more.
