

Metal casing resistor of distribution box

Metal casing resistor of distribution box

Post Glover''s hermetically sealed Aluminum Case Resistors can be used in any AC or DC power circuit and are most commonly used for light-duty braking of variable frequency drives, space heating and ...

Find high-quality resistor boxes for various applications. Precision, durability, and customizable options. Perfect for teaching, experimentation, and more.

The Ohmite BA Series aluminum cased resistors are ideal for Dynamic Braking, Motor Starting, and other power control applications. View our online catalog to find the right customizable options for ...

Choose from our selection of resistance boxes in a wide range of styles and sizes. Same and Next Day Delivery.

DeMint manufactures - grid enclosure of high voltage resistors, high energy resistors, and high power resistors, mounted in BOX type enclosures and can be pre-wired for easy installation both at the ...

Price and other details may vary based on product size and color. Need help?

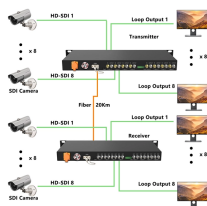

Product details Iacoooppia Outdoor Electrical Box Waterproof Junction Box Wear Resistant Metal with Lock Distribution Case for Home Indoor Shopping Mall 20cmx16cmx30cm.Built with sturdy cold ...

High power MCR Series metal case resistors are constructed by winding a resistance wire alloy over a ceramic tube core and holding it in place with a silicone coating. The wirewound resistor is then ...

The robust UAL series from Riedon™ products by Bourns utilizes wirewound resistor technology in a large ceramic core molded into an extruded aluminum chassis-mount housing.

Featuring eight resistance ranges, the RB10 Resistor Box dissipates a maximum power of 50W per resistor. Its durable aluminium case ensures robustness, while the front panel's industry-standard ...
