

Nordic Antistatic Floor Cable Tray IK10

Nordic Antistatic Floor Cable Tray IK10

Cable tray length is selected based on the load to be supported, the distance between the supports (also referred to as the span), and handling and installation constraints.

Our cable management system is flexible and adaptable to the conditions and needs of each unique project. Regardless of the size of your project, we tailor a solution for you.

Schneider Electric USA. NSYPLA1053G - Floor standing polyester enclosure, PanelSeT PLA, plain door, completely sealed, 1000x500x320mm, IP65, IK10.

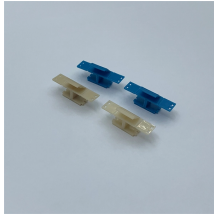

Place them over existing cable to prevent damage and reduce tripping hazards. All have a textured surface to improve traction. They're also weather and abrasion resistant. Snap together as many of ...
