

Optical Fiber Splitter Terminal

Optical Fiber Splitter Terminal

The Mini 1*4 MultiPort Flex Splitter Terminal (FST) offers a fast, cost-effective ...

FS PLC Fiber Optic Splitters, Bare/Blockless/ABS/LGX Splitter/Rack Mount Types, support 1xN light distribution, with low IL and PDL for high-reliability transmission. Deploying compact FS PLC Splitters ...

PPC's Splitter Terminal Box (SFTB) is developed for FTTx applications, and can accommodate up to 48 splices and 24 SC simplex/ LC duplex adapters. SFTB48 is designed to house fiber optical ...

The Mini 1*4 MultiPort Flex Splitter Terminal (FST) offers a fast, cost-effective solution for deploying optical fiber in outside plant networks. Its one-step push-pull and nut-style latch design ensures quick ...

Rugged IP68-rated fiber mini-terminal with pre-installed PLC splitter. OptiTap® compatible, plug-and-play deployment for FTTx and FTTH networks.

The MultiPort flex splitter terminal is built with Corning ClearCurve® optical fiber — the revolutionary bend-insensitive optical fiber and cable that ensures virtually no attenuation loss, even in tight bends ...

This 4 strand optical fiber distribution box is used for the fusion splicing, splitting, wiring transmission and other functions of the optical transmission terminal. It can effectively terminate, protect and manage ...

We're professional manufacturer of Multiport Service Terminal (MST) with over 14 years of experience, if you have any questions and requirements for Multiport Service Terminal (MST), ...

Fiber optic splitter enclosure is designed for fiber expansion by adding PLC splitter, Optical splitter terminal box includes inline and dome type.

The OptiSheath® MultiPort Splitter Terminal is designed for use in outside plant fiber access networks. This innovative terminal provides fast, easy subscriber connections and splitter functionality in one ...

Discover a wide range of high-quality Fiber Optic Products, including termination boxes, splice enclosures, patch panels, and PLC splitters. Perfect for FTTH, telecom, and enterprise networks.
