

Outdoor Dual-Core Duct Drop Fiber Optic Cable

Equipped with a removable **Mounting Plate** inside the enclosure, enabling customized drilling and secure component mounting.

Outdoor Dual-Core Duct Drop Fiber Optic Cable

Support the deployment of fiber optic cables with our toneable drop cable assembly. Its versatility helps you adapt to different installation scenarios and network requirements.

From outdoor aerial to indoor room wiring, from duct to direct buried, ZION offers a full FTTH drop cable solution set.

High-performance FTTH Drop Cables for "last mile" connectivity. Available in 1, 2, ...

Our FTTH drop cables are made using G.657.A1 fibers, meeting your high-speed data requirements. This core supports a cut-off wavelength of 1260 nm. Each fiber's numerical aperture is 0.14, allowing ...

CommScope designs and manufactures a comprehensive line of fiber optic drop cables

Industrial-grade outdoor fiber optic cables with armor protection. Multiple configurations for long-distance transmission.

High-performance FTTH Drop Cables for "last mile" connectivity. Available in 1, 2, and 4 core configurations with G.657A bend-insensitive fiber, FRP/Steel strength members, and LSZH jackets ...

The tight buffer fiber drop cable specifically designed for both indoor and outdoor applications, This tight buffer fiber drop cable features a durable construction that can exposure to sunlight, moisture, and ...

The color-coded, tightly buffered fibers are reinforced with aramid yarn for greater weather resistance and LSZH-sheathed. This cable, meeting G.657.A2 standard (production in G.657.B3 possible on ...

A single-fiber drop cable suitable for aerial, duct, or direct-buried outdoor installations. Available with Corning's innovative FastAccess® technology, which makes opening the cable easier and faster.

Browse armored and dielectric outdoor fiber optic cable.
