

## Papua New Guinea Cable Distribution Box Installation Manufacturer

### Overview

We use cut-edge tools and modern machinery to manufacture premium quality Electrical Panels, LT Distribution Panels, Cable Bus Ducts, Power Generators, and Electrical Transformers in Papua New Guinea. We supply genuine grade Electrical Installation in Janakpuri. Cetelnet is a trusted name in delivering professional installation works in Papua New Guinea, offering turnkey services that cover everything from telecommunications networks and electrical systems to IT infrastructure and renewable energy equipment. Our divisional Project Teams provide consultancy, design engineering through to installation, testing, & commissioning, all of which is then backed up by our Brilltech Engineers Pvt. We have an in-house manufacturing unit where we design products with utmost precision. Established in 1991, it is among the pioneers in the industry in the country's capital. When it comes to solar installation, names such as Plasmatronics, Powertech and Suntech have been serving the PNG community, providing power in the harshest locations, most notably the Kokoda Trail Emergency Radio installations. Who did we turn to, to protect our building from power surges?
