

Indzawo Optic Connect

Raisecom optical module

Raisecom optical module

By identifying the module information, the coding compatibility between the module and the switch can be detected. So how can we check the working status and internal information of the ...

Small Form-factor Pluggable (SFP) modules are compact optical transceivers used in optical communications which provide the same functionality as a regular GBIC, but in a much smaller and ...

The RAISECOM USFP GB/SS25 D R Optical Transceiver is an eSFP (Enhanced Small Form factor Pluggable) transceiver module designed for high speed data transmission over single mode fiber.

ISCOM5504 is Optical Line Terminal of Raisecom GEAPON system that aggregates Ethernet traffic from remote ONU devices through passive optical splitters. It provides 4 single-strand PON interfaces for ...

Small Form-factor Pluggable (SFP) modules are compact optical transceivers used in optical communications which provide the same functionality as a regular ...

The RAISECOM USFP 03/M I Industrial Optical Transceiver SFP is a high performance, compact, and versatile module designed for various industrial applications. It is specifically engineered to provide ...

SFF optical module Connector type: SC/PC Fiber form: single strand Wavelength: 1310nm burst receive, 1490 continuous transmit Speed: symmetric 1.25Gbps Transmission distance: 20km Split ratio: 1:32 ...

OPCOM200-OTU1 is carrier-class CWDM optical wavelength converter with industry leading advanced features such as line-in/line-out loop back, fault propagation, downward compatibility of speed and ...

SFP (Small Form-factor Pluggable) module functionality as a regular GBIC, but in a much smaller and denser physical size. SFP modules are used in variety of Raisecom equipments for their extremely ...

The ISCOM6860 is the medium-sized carrier-grade Optical Line Terminal (OLT) platform. It offers GPON, XG/XGS-PON, EPON, 10GEPON, and Active Ethernet access, for all types of ISPs and ...

Raisecom will exhibit our most recent technological advancements and pioneering innovations in this exhibition. This year, we are showcasing all these exceptional products.

Raisecom will exhibit our most recent technological advancements and pioneering innovations in this exhibition. This year, we are showcasing all these exceptional ...
