

Safe and durable distribution box cover manufacturer

Overview

Find durable metal electrical box covers for indoor, outdoor, and weatherproof applications. These specialized enclosures are manufactured using high-grade thermoplastic materials that offer. SmartGuard manufactures clear, durable protective covers for electrical boxes, outlets, switches, HVAC pipes, ducts, floor openings, and more — all engineered to withstand real jobsite conditions. Our PVC and HDPE covers are puncture-resistant, water-resistant, flame-retardant, and built to prevent. Preferred for more than 50 years, Red Dot® weatherproof and conduit body solutions withstand the harshest elements and ensure trouble-free installation and years of superior performance. What sets us apart is our extremely low lead times, desire to make customs and our vast selection of finished goods inventory. Built with high-quality concrete, this lid provides a secure seal, preventing debris, water infiltration, and accidental access. The world's most effective, protective & reusable custom shipping boxes. Patented, shock-resistant Benson Box ® liners are engineered to safely transport fragile items and equipment.
