

Sany Cable Tray

Sany Cable Tray

Our cable trays are made of first-class stainless steel (AISI 316 and AISI 304) that prevents corrosion and ensures a good level of resistance. Cable trays from SILTEC are available with a length of 3000 ...

These narrow cable trays are ideal for applications requiring cable trays without a conduit. They work particularly well for cable drops, branch runs, and smaller bundles of cables.

Our cable trays provide reliable support for extensive network cables, featuring corrosion-resistant, powder-coated finishes for durability. Designed for easy installation and cost-efficiency, they ensure ...

The Aluminum I-Beam Design Of Itray Is Perfect For Industrial Installations With Large Diameter Cables In Long Span Situations, Minimizing Total Tray Width and Creating A Smooth Transition Between ...

Since the new cables can be installed by laying them in the tray, cable trays are useful when changes to the system are expected. There are a few types of cable trays including: solid-bottom trays, cable ...

This cable management system allows the tray to be directly attached to a wall without brackets using integrated mounting rings located along the center spine of the tray.

Choose from our selection of flexible cable trays, including over 475 products in a wide range of styles and sizes. Same and Next Day Delivery.

Cable tray systems range from simple to highly customized, so it's a good idea to know what your application requires before you start shopping. Choose from basket style, snake trays, and solid or ...
