Indzawo Optic Connect

# State Grid High and Low Voltage Complete Sets of Equipment

## Overview

This solution covers a complete set of power equipment from low-voltage distribution cabinets, high-voltage switchgear to transformers, automation control systems, etc., aiming to provide comprehensive and customized power solutions for various users. Our high and low voltage complete electrical equipment solutions are designed based on a deep understanding of the current development trends in the power industry and accurate predictions of future power demand. The interior of the cabinet is divided into busbar compartment, circuit breaker compartment, cable compartment and low-voltage secondary instrument compartment, equipped with a comprehensive. These products are highly integrated, compact in size, structurally compact, safe and reliable in operation, easy to maintain, and portable. In distribution systems, they can be used in ring network distribution systems as well as in dual power supply or radial terminal distribution systems. Each product line undergoes strict quality control to ensure compliance.
