

Straight-line optical cable hardware

Straight-line optical cable hardware

Durable aerial hardware for fiber utility and telecom builds, including brackets, straps, J-hooks, clamps, grounding, and mounting solutions for pole line and aerial cable ...

PLP transmission, distribution, substation, fiber optic, solar, and EV solutions protect and connect overhead electric power lines and communications networks.

ZMS Cable Supplier is a leading world-class manufacturer in the field of fiber-optic communications. We manufacture and wholesale fiber optic cables in hundreds of countries around the world.

We offer a full range of AB Cable (Aerial Bundled Cable) accessories and fittings which conform to NFC and IEC standards. These products are available for all varieties and sizes of AB Cables. Fittings are ...

Our RIBE-OPTOFIT® accessories offer the ideal solution for connecting fiber optic overhead cables and terminating the optical signal, and perfectly complement proven RIBE-OPTOFIT® fittings.

Durable aerial hardware for fiber utility and telecom builds, including brackets, straps, J-hooks, clamps, grounding, and mounting solutions for pole line and aerial cable support.

The preformed fiber optic suspension hardware kit is used to fix the conductor in the insulating cord of the straight line tower, or to hang the lighting cable on the straight line tower.

Pole attachment hardware includes: clevis eyes, socket eyes, ball clevis, anchor shackle, oval eye nut, shoulder eye bolt, pole eye plate, and shielded wire support.

Proper mounting hardware is crucial for efficient cable management, strain relief, and long-term network stability. Whether you need to mount cables along walls, suspend them from ceilings, or secure ...

Each pair is individually boxed and includes ADSS Direct Attach mounting brackets, and an all dielectric pole block. Fits all fiber cable up to 1.50" OD. Tie eyelets designed to accommodate both stainless ...

Fiber optic cable pole brackets and hooks refer to the equipment used for mounting and securing fiber optic cables on utility poles or other vertical structures. These brackets and hooks provide a stable ...
