

# **Ukrainian DAC high-speed cable 400G**

## Ukrainian DAC high-speed cable 400G

The Rollball flagship QSFP-DD DAC system flexibly supports everything from 400G connections down to 50G links, giving you the perfect balance of speed and compatibility for your network infrastructure.

400G DAC Cables from JTOPTICS are Direct Attach Copper cables ideal for short-distance, cost-effective connectivity in top-of-rack or intra-rack applications. These cables provide low-latency, high ...

Waterproof and dustproof, reliable and safe  
The outer elastic seal design allows the sealing ring of the cabinet and door to be seamlessly compressed without leaving a trace of gaps

3M™ 9V4 series 400G QSFP-DD direct-attach copper cable assemblies are passive copper cable assemblies are foldable and bendable with minimal performance impact.

Innoptical provides high-performance 400G QSFP-DD direct attach cables for high-bandwidth connections in your data center. Experience low latency, seamless integration, and optimized ...

NADDOD's 400G QSFP-DD Active Optical Cables (AOC) provide high-speed, reliable data transmission for data centers and HPC environments. Available in two configurations, they support ...

The T1-DAC-400G QSFP DD copper direct-attach cable is suitable for very short distances (up to 3m) and are used as a cost-effective solution for establishing a 400Gbps link between QSFP ports.

C-LIGHT 400G/800G DAC & AEC solutions deliver ultra-low latency, power-efficient, and cost-effective connectivity for AI clusters, HPC systems, and cloud data centers, supporting ...

The 400G Ethernet DAC is a short-range Ethernet technology based on high-speed copper interconnects for data transmission at 400 Gbps. This technology eliminates the need for ...

Product description The QDD-400G-03AOC is an active optical direct attach cable with QSFP-DD connectors and has 3m length. Cable provides short distance (same shelf) inexpensive connectivity ...
